meet the speakers:

If you come to camp, you will join the friends of Professor Grunch on an intergalactic quest to The Riddle System, a galaxy of 5 planets far, far away. The risky journey is necessary because Grunch wants them to find the answer to the puzzle: What Holds Life Together? During their voyage, beginning at their home planet of Where-Zat, Grunch's friends encounter all sorts of strange creatures on the planets in the Riddle System. In the end, they have to take all the clues back to Professor Grunch so he can assemble them and reveal the real answer to what holds life together.

As in past years, Quiz Worx, the puppetry and children's ministry team are contributing significantly each day to the programme. If you don't come you might never find out the answer to what holds life together. So ask a friend or the leaders of your kid's club to organise a group to come to camp.
