

From the classroom to a trainee youth leader in a week.

What does it look like?

One week residential intensive teaching (at PY Summer Camp from 27 December - 1 January):

Lectures on Christian belief and Christian leadership; discussions and self-reflection on godly leadership; experienced group leaders who model what is taught and guide you through the week.

Then 12 months of ministry and mentoring in your local church:

Putting into practice some of the leadership lessons you have learnt, and talking this through with a mentor from your church, benefitting from their wisdom and experience.

And finally, leading a small group on a camp:

Use your leadership skills at a PYNSW camp and re-connect with fellow Lead for Life interns.
